

Stork Paint (Construction and Paint Production)

REFERENCE CATALOG

Our Mission

To provide our customers with sustainable service quality by being a pioneering and respected company in the regions we serve, to ensure continuity as the preferred supplier, to contribute to the sense of environment and urban texture by designing projects that use renewable and sustainable energy, and to create spaces and snowy investment opportunities that inspire confidence among our customers.

Our Vision

To be the most preferred human resource with the right qualifications that produces environmentally friendly projects in the sector we operate in, to offer more appropriate prices and payment advantages to public institutions, and to contribute to the development of the sector with our R&D studies that aim to provide health, confidence, and respect for human resources and are supported by the most advanced technologies.
